Singing the Blues for a Good Cause!

There was a lot of toe tapping and singing along at the Blues at the Farm dinner and show on June 23rd. About 40 people enjoyed a delicious dinner and great music by Mike Goudreau & the Boppin' Blues Band - while supporting Winchester District Memorial Hospital Foundation. By the end of the evening, \$310 had been raised for the Foundation's Family Care Fund - \$260 from the event as well as another \$50 generous donation.

In her remarks, Foundation Managing Director Kristen Casselman thanked everyone for attending: "Unfortunately, I'm not as entertaining as the band. But it's a win-win-win when we get together to have fun, eat amazing food, listen to great music and raise much needed funds for WDMH all at the same time. Thank you to each of you for coming tonight, to the band and the organizers. And thank you to Winchelsea, not only for tonight, but for all that you have done for the WDMH Foundation in the past. It's truly appreciated."
