O'Farrell Financial Services Get Casual for Mental Health

TGIF took on a whole new meaning at O'Farrell Financial Services this summer. Employees participated in a 'Dressed Down for Mental Health' fundraiser every Friday. The Casual Friday fun raised more than \$1,000, with employees giving \$2 and partners giving \$5 each week.

Funds raised were split evenly between local hospitals in Winchester, Kemptville, Brockville and Cornwall, supporting mental health awareness in each organization.

"We are so grateful to local businesses and organizations who raise funds to support patient care at WDMH," says Cindy Peters, Manager of Direct Mail & Events at the WDMH Foundation. "And it's really great when they have fun doing it. Dress Down Fridays are the best! Thank you to everyone at O'Farrell Financial."
